Keep tankers out of the wild and pristine coastal waters of BC, forever.

Petition to the House of Commons in Parliament Assembled

We the undersigned citizens of Canada draw the attention of the House to the following: Enbridge Inc.'s proposed Northern Gateway project would bring the first ever bulk crude oil tankers to BC's northern coast. With the movement of oil, spills are inevitable. A single large spill, or several smaller ones over time, could be devastating to the already vulnerable marine ecosystems upon which people and communities in BC depend. The debate over whether to allow oil tankers through BC's north coast is nearly 40 years old – it's time to transform what has been clear majority public sentiment into force**. Your petitioners call upon Parliament to <u>create a permanent ban on oil tankers</u> to protect our coast forever.**
